

A Letter written to Phoenix – The Next Generation

Switzerland's stance on Sri Lanka exposed

In a response to Phoenix – The Next Generation's letter to the Swiss government, their stance regarding Sri Lanka has become apparent. Their response addressed Switzerland's interests, relations and future initiatives that exist and were to be established with Sri Lanka. Amidst the recent controversy surrounding Switzerland's organisation of a conference for diaspora Tamils, the country's authoritative stance is further established through this letter.

Phoenix had conducted their annual symbolic hunger strike in memory of Lt. Col. Thileepan on 26.09.19 where 10 demands were put forth to various stakeholders. As a part of this initiative, a letter was also written and sent to Switzerland's foreign affairs ministry on that very day. A response for this letter was received almost a month later on the 22.10.19 following the completion of the conference that they had held.

The letter that Phoenix had penned outlined details regarding; Lt. Col. Thileepan, the 3 demands directed at the Swiss government, Switzerland's stance regarding Sri Lanka and the current plight of Eelam Tamils – especially regarding Switzerland's involvement in reconciliation efforts and their effect upon the continuing structural Tamil genocide. The letter further questioned how such constitutional amendments could contribute to reconciliation without the active removal of core issues which stimulate Tamil genocide such as the institutionalised Mahavamsa ideology to which no response was found.

They had further expressed that Sri Lanka was a global partner and that Switzerland would not contain any of their future actions.

Silence from the many Tamil parties who had participated in Switzerland's conference is disappointing. As representatives of the Tamil people a lack of transparency with the wider community questions the legitimacy of such groups in advocating the rights of the Tamils and further raises concerns as to whether such parties are working within the interests of global conspiratorial players such as Switzerland.

The English translation of the response, that Phoenix TNG received from the Swiss government

To Mr. Thirumalmarukan,

We would like to thank you for the letter that you had addressed to the federal minister Ignazio Cassis regarding Lt. Col. Thileepan and the Tamils. The Human Security Division (HSD) is a division of Switzerland's Federal Department of Foreign Affairs (FDFA). We have been instructed to reply to your letter as it is the HSD that is responsible for Switzerland's peace, human rights and migration-related foreign policies and political initiatives.

Switzerland will maintain relations with global partners upon the basis of her foreign policies. Sri Lanka is one such partner where it is through such extensive connections that our relations with this global partner can be fostered.

Switzerland's main areas of interest regarding Sri Lanka include; human rights and reconciliation amongst ethnic groups and it is upon such basis that Switzerland's role within the region emerges. One such example is the establishment of a "Human Security" related political office which assists Sri Lanka in matters regarding; constitutional governance, constitutional amendment and historic reformation. It is noteworthy that Switzerland is the only Western country that operates within the Northern Province.

Switzerland will not limit its actions – especially with its implementation of peace and human rights-related political initiatives in Sri Lanka.

Ihr Schreiben vom 26. September 2019

Sehr geehrter Herr Thirumalmarukan

Besten Dank für Ihr Schreiben an Bundesrat Ignazio Cassis vom 26. September 2019 und die Ausführungen zur Situation von Lt. Col. Thileepan und der Tamilischen Bevölkerung. Die Abteilung Menschliche Sicherheit (AMS) des Eidgenössischen Departements für auswärtige Angelegenheiten (EDA) ist unter anderem zuständig für die Umsetzung der Friedens-, Menschenrechts- und Migrationsaussenpolitik der Schweiz und wurde daher beauftragt, Ihnen zu antworten.

Die Schweiz verfolgt den aussenpolitischen Grundsatz, zu allen globalen Partnern gute Beziehungen anzustreben. Dies trifft auch auf das Verhältnis zu Sri Lanka zu. Nur durch regelmässigen Austausch kann die Schweiz ihre Interessen und Anliegen gegenüber Sri Lanka wirksam vertreten.

Zentrales Interesse der Schweiz gegenüber Sri Lanka ist die Förderung der Menschenrechte und die Aussöhnung zwischen den Bevölkerungsgruppen. Dafür engagiert sich die Schweiz auch vor Ort. Sie unterhält ein auf menschliche Sicherheit spezialisiertes Büro in Jaffna und ist somit als einziger westlicher Staat in der Nordprovinz präsent. Ihre Unterstützung für Sri Lanka umfasst unter anderem konkrete Projekte in den Bereichen Rechtsstaat, Verfassungsreform und Vergangenheitsbewältigung.

Dieses friedens- und menschenrechtspolitische Engagement in Sri Lanka wird die Schweiz auch in Zukunft unvermindert weiterführen.

Mit freundlichen Grüßen
